## Statement of intent

Mobile phones, tablets and other personal electronic devices have become widely available and accessible to pupils. This policy is designed to prohibit the use of mobile phones and similar smart technology throughout the school day, including break and lunch times.

Lawley Primary School and Nursery accepts that personal mobile phones are often given to pupils by their parents to ensure their safety and personal security; however, such devices pose inherent risks and may jeopardise the learning environment.

As a school, we must strike a balance between personal safety and a suitable educational setting. We understand that parents may wish for their child to carry a mobile phone for their personal safety, whilst pupils may wish to bring additional devices to school for other reasons. This policy establishes how personal electronic devices should be used by pupils in school to ensure both personal safety and an appropriate learning environment.

Personal electronic devices include, but are not limited to the following items:

- Mobile phones
- Smart watches
- Personal digital assistants (PDAs)
- Handheld entertainment systems, e.g. video game consoles, iPods
- Portable internet devices, e.g. tablets, laptops
- Wireless handheld technologies or portable information technology systems, e.g. devices used for word processing, wireless internet access, image capture and/or recording, sound recording, and information transmitting, receiving and/or storing

- Applying this policy consistently and proportionately, including confiscating devices where appropriate.
- Reporting any safeguarding concerns to the DSL, or deputy, where misuse indicates risk of harm.
- Avoiding use of their mobile phones in front of pupils for any non-work-related issues.
- Teaching pupils about the risks associated with mobile phones, other devices and social media, both in school and more broadly.

Pupils are responsible for adhering to the provisions outlined in this policy.

## Ownership and responsibility

Pupils are responsible for their own belongings. The school accepts no responsibility for replacing property that is lost, stolen or damaged either on school premises or travelling to and from school, and at school events.

Staff will be protected against liability in any proceedings brought against them for any loss or damage to personal devices that have been confiscated as an appropriate sanction, provided that they have acted lawfully.

Pupils are responsible for replacing school property they lose, damage or steal, including electronic devices.

Pupils and staff should enable a personal PIN or passcode on all mobile phone devices they bring to school to protect their personal data, images and videos in the event that the device is lost, stolen or accessed by an unauthorised person.

## Acceptable use

Where pupils are bringing personal electronic devices into school, they will be expected to make their parents aware of this. Pupils will remain responsible for the safety and security of any personal devices brought into school and the school will not accept responsibility for loss, theft or damage.

Personal devices will not be used at any point during the school day, including during break and lunch times, unless an agreed exception applies. Where an agreed exception is in place, use of a personal device will be limited strictly to the specific purpose outlined within that exception and will be subject to any conditions set by the school. Pupils will hand in their mobile phones to their class teacher at the start of the school day and these will be placed in a labelled box and collected by the office staff at 9am and locked away securely. The boxes will be returned to the class teacher at 3pm each day. Only pupils in Year 5 and Year 6 are allowed to bring in a mobile phone as these are the only year groups allowed to walk home with parental permission.

Where a Bring Your Own Device (BYOD) scheme is operated to facilitate the use of laptops or tablets for learning, such devices will be used in accordance with this policy. These devices are managed by the school/Telford and Wrekin IDT services with parents signing up for the scheme ensuring that devices are only used for the educational purpose intended. BYOD arrangements will not include mobile phones.

## Unacceptable use

Pupils will be encouraged to avoid bringing phones to school; however, if phones are brought to school they will be switched off and placed in a box after signing them in and this box will then be taken to the office where it will be stored securely in a locked cupboard for the duration of the school day. At the end of the school day the box will be collected by a member of staff and taken to the classroom where the phones will be signed out and handed back to pupils by the class teacher.

Unless express permission is granted by the Headteacher or Senior Leadership Team or adaptations and reasonable adjustments apply, mobile devices will not be seen, heard, or accessed at any time during the school day.

Any permitted use for specific pupils will be limited strictly to the specific purpose outlined in the agreed plan. All other use will be prohibited.

Pupils will be able to access their personal devices when travelling to and from school; however, they should not be used to arrange travel during the course of the school day.

Staff members will be required to model expectations surrounding the use of personal devices when they are in front of pupils throughout the school day, and only use their personal devices where required for emergency purposes.

Staff and pupils will adhere to the Online Safety, Digital Imagines, Mobile and Smart Technology and Social Networking Policy at all times.

Files will not be sent between mobile devices while on school premises.

If pupils fall ill during school hours, they will not use their mobile device to contact parents; they will use the agreed procedures.

Under no circumstances will personal electronic devices be taken into statutory assessments (SATs). Devices will be handed in and stored as per the policy. Under no circumstances will mobile devices be used in toilets.

Personal electronic devices will not be plugged into outlets on the school premises without the express permission of the headteacher, and they will have an up-to-date portable appliance test (PAT).

Staff will not give out their personal contact details to pupils. If correspondence is needed between staff members and pupils for homework or exams, staff should provide their school contact details.

Under the Voyeurism (Offences) Act 2019, the act known as “upskirting” is an offence. Any incidents will not be tolerated by the school. Despite the name, anyone (including both pupils and teachers) of any gender, can be a victim of upskirting.

A “specified purpose” is namely:

- Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim’s genitals, buttocks or underwear)
- To humiliate, distress or alarm the victim

Any incidents of upskirting will be reported to the DSL and handled in accordance with the school’s Child Protection and Safeguarding Policy.

## **Adaptations and reasonable adjustments**

The school will comply with its legal duty to make reasonable adjustments with regard to this policy where necessary. Adaptations may be made in exceptional circumstances and in response to a pupil’s specific needs.

The school will not prevent pupils from using their mobile phones in order to manage their medical condition effectively, e.g. if a pupil is using a monitoring app on their phone to manage their diabetes.

Where a pupil has an agreed adaptation or reasonable adjustment that requires access to a mobile device, this will be permitted only for the specific purpose and within the limits set out in the agreed plan.

## Cyberbullying

All personal electronic devices will be used in line with our Online Safety, Digital Imagines, Mobile and Smart Technology and Social Networking Policy.

Incidents of cyberbullying will be dealt with and reported in line with the Anti-bullying Policy and the Behaviour Policy.

As part of the school's ongoing commitment to the prevention of cyberbullying, regular teaching and discussion about online safety will take place as part of PSHE lessons.

## Searching pupils

School pupils have a right for their private life to be respected under article 8 of the European Convention on Human Rights (ECHR). This right is not absolute, and the school can interfere with this right as long as it is justified, proportionate, and aligns with the powers to search in the Education Act 1996.

All searches will be conducted in line with the school's Behaviour Policy.

The headteacher, and other authorised staff members, will have the power to search a pupil or their possessions where they have reasonable grounds to suspect that a pupil is in possession of a prohibited item. Mobile phones and similar devices will be deemed as prohibited items that may be searched for in line with the Behaviour Policy.

In all cases the authorised member of staff will always:

- Seek the co-operation of the pupil before conducting a search.
- Ensure the pupil understands the reason for the search and how it will be conducted.
- Give the pupil the opportunity to ask any questions so that their agreement is informed.
- Have due regard to the DfE's '[Searching, screening and confiscation](#)' guidance.

Staff may search a pupil's outer clothing, pockets, possessions, desks or lockers. Staff conducting a search must not require the pupil to remove any clothing other than outer clothing - outer clothing means any item of clothing that is not worn wholly next to the skin or immediately over a garment that is being worn as underwear and includes hats, shoes, boots or scarves. Possessions means any goods over which the pupil has or appears to have control - this includes desks, lockers and bags.

A staff member may ask a pupil to show them what they are doing on their mobile phone or tablet if they reasonably believe that the pupil is using the device to cause harm. If it is judged reasonable, the staff member may inspect the files or data on a pupil's electronic device and delete them if necessary.

Staff members will ensure they have a good reason to examine and delete data on a pupil's electronic device. When determining a good reason to examine data, staff members will ensure they reasonably suspect that the data has been, or could be, used to cause harm, undermine the safe environment of the school and disrupt teaching, or be used to commit an offence.

When determining a good reason to delete data, staff members will consider whether the material found may constitute evidence relating to a suspected offence and if so, choose not to delete the data. The data may be deleted if it is found likely to cause harm to any person, and the pupil and/or parent refuses to delete the data themselves.

If a search uncovers a device that is being used to cause harm, or which contains prohibited material such as pornography, a staff member can confiscate the device. If a staff member finds child pornography, it must be given to the police as soon as reasonably practicable. Where staff find stolen items like mobile devices, they must be given to the police as soon as reasonably practicable.

The staff member conducting the search must be the same sex as the pupil being searched. A witness to the search must be present; this should also where possible be a staff member of the same sex as the pupil being searched.

If there is a risk of serious harm and waiting would increase that risk, a search may be carried out by a member of staff of the opposite sex, and/or without a witness.

Pupils are required to comply with any request to check their electronic device.

Pupils are required to comply with any request to disable the screen lock function of their electronic device and show any staff member what they are doing. Any pupil who refuses to comply with these requests will be disciplined in line with the Behaviour Policy.

## Sanctions

The school will apply sanctions for breaches of this policy in a consistent and proportionate manner, in line with the school's Behaviour Policy.

Where this policy is clearly breached, for example where a device is used, seen, or heard ringing, staff will feel confident to confiscate mobile phones or similar devices as a disciplinary penalty. Confiscated devices may be retained for a proportionate length of time, as determined by the Headteacher and in consideration of the circumstances, including the pupil's age, SEND, and any agreed exceptions or reasonable adjustments.

Additional sanctions in accordance with the Behaviour Policy.

Where a breach gives cause to suspect a pupil may be suffering, or may be at risk of, harm, staff will follow the school's safeguarding procedures and report concerns to the DSL.

Confiscated personal electronic devices will be locked away securely in the main office safe.

Bullying via personal electronic devices will be dealt with in line with the school's Anti-bullying Policy.

## Monitoring and review

This policy is reviewed annually by the SBM and DSL.

Any changes to this policy will be communicated to members of staff, parents and pupils by the headteacher.

The scheduled review date for this policy is September 2027.
